# HIGH PERFORMANCE PROGRAM

The R66T Academy High Performance Program is designed to provide cricketers around the world with opportunities to develop not only their game but as people too. The two go together - players need to get the best out of their skills and themselves as a person. Players from across the world will travel to Adelaide, Australia to undergo intense training from Joe Root's former coach, Shaun Seigert, on a 10-Week block period. Coach Shaun Seigert encourages the High Performance philosophies to produce the best results in the 10-Week period. These High Performance philosophies consist of players finding a way, pushing comfort zones, and to develop their character. This is a proven method to improve cricket skills and players character to ultimately, improve their performance as cricket players. Shaun has also developed and run the program for the last 17 years and has seen many high-level cricketers graduate from the program. Of those who have attended, 32 players have progressed to play internationally and over 200 players have played first class cricket.

# PLAYERS FROM AROUND THE WORLD

# PLAYER ANNOUNCEMENTS

- For each player attending the program, we created a ‘Player Announcement’ to introduce them to the 2023/24 cohort.
- The ‘Player Announcement’ included each of player’s name, age, country, specialism, and previous cricket clubs the player had played for.
- The ‘Player Announcement’ was then posted on our R66T Academy social media accounts and the player was tagged in the photo.

The ‘Player Announcement’ artwork can be seen on the next couple of slides.
